

30 September 2018

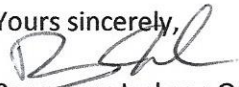

To whom it may concern.

I am an international commercial mediator working based in the UK but working around the globe.

Work permitting, I also attend the annual ICC International Commercial Competition in Paris each year. As well as drafting problems for the roleplays in the competition, I act as mediator and/or judge in the roleplay sessions.

I met Dima Alexandrova at the Competition in 2017 and was immediately impressed by her commitment to mediation and to the training of future mediators. I have since trained her Kings College London team for 2 mediation competitions in which they were extremely successful.

As a coach, Dima has been dedicated and determined to obtain the very best training from many sources, so as to give her team the very best possible chances

Yours sincerely,  
  
Rosemary Jackson QC  
Mediator.
